YOUNG MAN ATTACKED BY DOG

City Budget, Carrying Appropriations of \$305,676, Adopted by Council.

Times-Dispatch Bureau, 108 North Sycamore Street, Petersburg, Va., June 7, 1911.

In the morning, Court to-morrow morning, some highly important and interesting proceedings are expected to take place in the matter of Charles Hall Davis, under indictment in the Appomattox Trust Cases. A motion of importance will be submitted on behalf of the defendant and will be argued. The nature of this motion has not been made public.

The grand jury, which has been adjourned from time to time, will convene to-morrow morning, and it is expected that some further consideration of the Appomattox Trust Company affairs will be given.

Attacked by Dog. Wayne Crowder, son of E. P. Crowder, of Sutherland's, in Dinwiddie county, while quietly sitting and reading in the porch of his home yesterday, was suddenly and viciously attacked by his hunting dog and was severely bitten on the leg. The dog was known to have been recently bitten by another dog supposed to have been afflicted with hydrophobia, and itself yesterday showed symptoms of the disease. Mr. Crowder's wounds were promptly cauterized and treated by Dr. Mays, of Church Road, by whose advice he was immediately taken to the Pasteur Hospital in Richmond. Mr. Crowder was brought to this city in an automobile, and took the first train for Richmond.

Sudden Death of a Merchant. John T. Pace, proprietor of the New York Clothing Store, widely known and respected as merchant and citizen, died quite suddenly early this morning at his residence, at the corner of Adams and Franklin Street.

Mr. Pace had been in the mercantile business here for many years. His store and stock of goods were destroyed by the great fire of December 3 last, and he had but recently re-established himself in new quarters. For some weeks past he had been a sufferer from Bright's disease, but was getting much better. Yesterday he was at his place of business and out on the streets, feeling almost well. This morning between 3 and 4 o'clock he was aroused by intense pain in the head, soon sank into unconsciousness and in an hour was dead. Death is believed to have resulted from effusion

of blood on the brain. Mr. Pace was in the forty-ninth year of his age, and is survived by his wife and two sons—John T. Jr., and William Pace.

Budget and Tax Ordinance. The Common Council, at its meeting last night, adopted the budget for the ending fiscal year. The aggregate appropriations are \$305,676, or about \$65,000 less than the estimated receipts of the city for the year. The appropriations provide for an increase of \$2,000 of the pay of City Engineer Budd, an increase to \$1,400 of the pay of Health Officer Martin and an increase in the pay of Lieutenant of Police Donahue and the park-keepers. These were the only items in the budget that gave rise to opposition.

The tax ordinance, as passed, fixes the rate at \$1.40 per \$100 of values. The city's cash receipts for the month of May were \$70,116, and its expenditures were \$41,300.

The council unanimously authorized the sale to the British-American Tobacco Company of twenty-one acres of the almshouse tract, at the price of \$200 per acre, and directed the Mayor to execute the deed of sale. The company proposes to erect half a dozen or more large storage warehouses on this property and to fill them with stock.

Young Man Dies Suddenly. George T. Wolfrey, a well-known young man, twenty-five years old, died early this morning at the home of his parents, Mr. and Mrs. George W. Wolfrey, on West High Street. Deceased returned from his day's work last evening well and hearty. Later he was taken suddenly ill, and died in a few hours. Besides his parents, he is survived by three brothers, Ulysses H. Herbert, P. and Bryant Wolfrey, and four sisters, Misses Emma L. and Lillie Wolfrey, and Mrs. George Andrews, of this city, and Mrs. Cora Stangdale, of Staunton.

BITTER STRUGGLE NOW ANTICIPATED

Strike of Union Garment Workers May Develop National Aspect.

Cleveland, O., June 7.—The outlook to-night is that the fight between the union garment workers of Cleveland, who struck to-day, and the manufacturers would be a long and bitter struggle, with a national aspect, as the workers will have the moral and financial support of the International Garment Workers' Union, and it is claimed outside manufacturers will give like support to the manufacturers of Cleveland. The strikers claim that over 5,000 workers—men, women and girls—or 95 per cent. of the garment workers of the city, joined in the strike, including several hundred non-union workers. The Manufacturers' Association claim that not over 4,000 are out.

Following their parade through the downtown streets this forenoon, the strikers held district meetings and made plans for the struggle, including the picketing of the shops and factories.

President S. I. Schwarz, of the Manufacturers' Association, claims the association will stand pat, even to the extent of closing the shops all summer; also that the strike was fostered by strike leaders from New York, who "wanted a strike here to help bolster up the results of the recent strike in New York."

The strikers' demands include the following:

That working hours be limited to fifty per week, with no Saturday afternoon or Sunday work; that there be not more than two hours overtime a day, with double time for overtime by week workers; that there shall be no charge for machines, silk or cotton; that inside contracting and subcontracting is prohibited; that no operator or tailor be allowed more than one helper; that overtime contracts be prohibited, except with foremen, designers and pattern graders; that the price list be conspicuously displayed, and all prices be adjusted by a joint committee selected by the shop employees, the outside contractors and a representative of the firm.

The strikers have adopted a policy of being orderly in everything.

MAY CUT JOURNEY DOWN TO THREE DAYS

Project Now Under Way Which Will Beat Time of Lusitania Between New York and Liverpool.

(Special to The Times-Dispatch.) Washington, June 7.—From New York to Liverpool by rail in three days—beating the record of the Lusitania by twenty-four hours—is one of the possibilities of the next few years.

In a report just made to the Department of Commerce and Labor by Consul Willich of Quebec, concerning "This important matter, he says:

"The construction of a railway from Quebec to a point on Cape Sir Charles, on the Labrador coast, connecting there with a proposed new line of steamships of the Lusitania type, to run between Cape Sir Charles and Liverpool, and with a ferry across the Strait of Newfoundland, is a project now under way, in which a number of prominent Canadian and English capitalists are interested. The representatives of a large and influential English syndicate, which has a charter to build a

passage across the Atlantic, and with ships of the Lusitania type, the voyage from land to land could be accomplished with only three nights at sea. The route would be open all the year around; occasionally drift and floating ice would be met with, but nothing to obstruct property built and equipped to withstand the worst of winter weather. From Cape Sir Charles to Quebec is about 1,000 miles, and with a line of standard gauge this could be covered at sixty miles an hour, which means that passengers could be landed in lower Canada and in the United States twenty-four hours earlier than by the Lusitania to New York to-day. This can readily be seen when it is explained that the ocean passage would be 1,000 miles shorter, and that 1,000 land miles would be covered at sixty miles an hour. This is nearly three times as fast as the Lusitania and the Mauretania travel."

C. The ceremony was performed by the Rev. E. K. Odell, pastor of the church, in the presence of a large gathering of friends of the young people. A reception was held at the home of the bride immediately after

Interesting Observance of Memorial Day at Bedford City.

(Special to The Times-Dispatch.) Bedford City, Va., June 7.—Despite the lowering clouds and showers of rain this morning, a large crowd assembled from the county, Roanoke, Vinton and other points to participate in the Confederate memorial exercises, under the auspices of the William R. Terry Chapter, United Daughters of the Confederacy, and the Joseph E. Johnston Camp of Veterans.

Early in the morning committees of the chapter, United Daughters of the Confederacy, visited the cemetery on Piedmont Hill, where were buried about 500 soldiers who died here in the hospitals, and to whom, very soon after the close of the war, a monument was erected by the Bedford Memorial Association, the second such organization formed in Virginia. Here suitable tributes of flowers were placed and the monument wreathed with garlands. Longwood Cemetery was also visited and the graves of the soldiers of Bedford sleeping there were decorated.

At 10:30 o'clock the veterans, under the command of Major S. Griffin, formed on Main Street, led by the officers of the W. R. Terry Chapter in carriages, and accompanied by Belmont Theatre, where an interesting program was carried out. There were beautiful decorations of the Confederate colors, red and white.

The orator of the day was Rev. Robert J. Dogan, of Roanoke. The invocation was read by Rev. T. C. Page, of the Episcopal Church.

A pleasing feature was the military drill of little Evelyn Blankinship, clad in the Confederate colors and bearing a banner to the music of "Dixie." She is only six years of age, and her performance was a ringing cheer.

Crosses of honor were presented by Mrs. S. Griffin, president of the chapter, to a number of veterans.

The benediction was pronounced by Rev. S. S. Lambeth, D. D., and taps were sounded, after which the great throng, preceded by the women in carriages and the veterans, marched to the courthouse grounds, on Main Street, where stands the beautiful monument erected two years ago to the Confederate soldiers and sailors of Bedford, at the base of which flowers were placed by reverent hands. The monument was beautifully draped with bunting, flags and garlands, presenting a most imposing and attractive appearance.

The finale of the day was the dinner served at the Alliance Warehouse, converted for the occasion into a banquet hall, where all of the old and new visitors as well as those of Bedford, were served a fine feast of substantial, with dessert following, by the women of the chapter. Maidens in white, wearing flowers and badges of red and white, acted as waitresses.

All places of business on the streets along the line of march were decorated with flags and Confederate colors, and in all respects the occasion was a great success, and all honor was paid the heroes of the Lost Cause.

What Wives Should Know About Germ-Laden Milk

Madam, here are some facts you should know about germ-laden milk. Some facts about milk that is utterly sterile.

Milkman's milk is always germ-laden. The germs that get into it breed millions like them. There is no such thing as a safe milk—a pure milk—unless it is utterly sterile.

Let us tell you some facts, then judge for yourself if you care to serve on your table a milk filled with germs.

One Germless Milk

In model dairies, in our best dairying sections, we milk inspected Holstein cows.

Close to each of those dairies we have built an aseptic plant, where the milk is evaporated.

The milk, fresh from the cows, is put into a vacuum. There, at a low heat, we evaporate two-thirds of the water. We do that to cut down the shipping bulk.

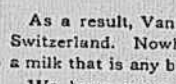

Nothing is added—no sugar, no preservative. Nothing but water is taken out. The milk is sterilized after the can is sealed. It comes to you absolutely free from germs, and fresher than milkman's milk.

Van Camp Packing Co. Indianapolis, Ind.

Like Swiss Milk

To perfect our process we brought to our plants famous Swiss and Dutch experts.

To supply our dairies with the richest milk, we bought thousands of Holstein cows. We copied our plants from the best in the world.

As a result, Van Camp's is now like milk from Switzerland. Nowhere on earth does anyone get a milk that is any better.

We have spent seven years and \$100,000 to bring this milk to its present perfection.

Like Using Cream

Van Camp's comes to you as thick as thick cream—so thick that you add one part water or coffee. It is 28 per cent solids—8 per cent butter fat.

To use it in cooking is much like using cream. For this is the whole, rich milk, while milkman's milk isn't. Milk that stands awhile separates. The butter fat rises and the solids fall. The raw milk used for cooking is rarely more than a half-milk.

A single milk dish made with Van Camp's will show you the amazing difference. You will never again be satisfied to cook with milkman's milk.

No Waiting—No Waste

You can buy Van Camp's a month's supply at a time. There is never a shortage, never any waste. You have milk and cream for any purpose, without any stint and without any waste. It is like a cow in the pantry.

Six Cents Per Quart

This whole, rich milk, made utterly sterile, costs less than milkman's milk. If you reduce Van Camp's to the usual milk's richness, the cost will figure about six cents per quart. The saving comes in the daily delivery, which costs the milkman more than the milk itself.

We milk 30,000 cows per day to supply folks who want this milk. If you try one can you will be one of the daily users. Never again will you serve germ-laden milk—never cook again with a half-milk.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. Evaporated and sealed at our dairies in six states. Order from your grocer.
